

Mikeyda Travers, M.S., QMHP-C
Counselor

Hello, my name is Mikeyda. I am currently a QMHP-C and currently working towards becoming a LPC. I enjoy working with individuals of all ages and have had the opportunity to work in various areas in the mental health field, including: community support, foster care, independent living, residential, and in the hospital setting. Helping others has always been important to me in addition to helping others see their potential.
