

Keonna Watson, M.A., Resident in Counseling

I am born and raised in the Richmond area. I obtained my Bachelor's degree in Psychology from Virginia State University in 2016. I obtained my Master's degree in Counseling with a concentration in community mental health from Hampton University in 2021. I also have some graduate level course work in clinical psychology from Virginia State University. I have worked in the mental health field since 2017. I have experience in mental health skills building services, intensive in-home services, and crisis stabilization services. I first entered the field as a QMHP, and now I am moving to working on my residency for Licensed Professional Counselor, (LPC).
