

## Madeline Lepore, MSW

I received my Bachelor's in Human Development and Family Studies from Bowling Green State University (2019) and received my Master of Clinical Social Work from Michigan State University (2021). I am currently working towards becoming a Licensed Clinical Social Worker (LCSW). I have experience working with families and adolescents utilizing a strengths-based and multi-cultural approach. My work experiences include interning at a Judicial Court with the Intensive Neglect Services unit and Family Recovery Court as well as the Michigan State University Counseling and Psychiatric Services. I have also volunteered as a Crisis Text Line Counselor for those in crisis utilizing active listening, collaborative problem solving, and safety planning. I have used approaches such as Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, Motivational Interviewing, Interpersonal Processing, and Mindfulness to meet clients where they are at and identify their needs. I strive to provide a welcoming, warm, and validating environment for clients and hope to empower them to apply their own strengths. In my free time, I enjoy running, spending time with friends and family, exploring new places, and cooking.
