I have been a mental health professional for several years and am a qualified mental health professional working with adults. I have worked with a vast array of clients and specific diagnoses to include Bipolar Disorder, Schizophrenia, Schizoaffective Disorder, Depression, Intellectual Disability, and Substance Use Disorders. Throughout my career, I have assisted clients in dealing with different life challenges including homelessness and lack of finance. I am skilled at providing symptom management, independent living skills, and community resources. In my spare time, I enjoy exploring and traveling with my fiancé, spending time with family and friends, and playing with my dog child, "Lilo".
