

## Staci Krantz, M.S., QMHP-A, QMHP-C

Staci Krantz received her Master's in Science in Counseling Psychology and Childhood and Adolescent Development from Capella University. She has experience working with children and families from various backgrounds who have experienced trauma, family hardships, and mental health challenges. Staci utilizes cognitive therapy techniques, trauma informed interventions, child-parent psychotherapeutic techniques, child social-emotional development, and other empirically-based interventions to at risk children and their families with the goal of strengthening the parent-child relationship and the family system as a whole. In her free time, Staci likes to spend time with her family, relax, and craft!
